Mon, 04 Jun 2018 19:05:00 GMT - The idea of skin in the game is crucial for the well-functioning of a complex world. In an opaque system there is, alas, an incentive for operators to hide risk: to benefit from the upside when things go well without ever paying for the downside when one's luck runs out.

Wed, 13 Jun 2018 00:25:00 GMT - Skin in the Game xiv In some ways, the linkage between partner capability-building and special operations forces (SOF) is unfortunate. Today, many U.S. partner capability-building efforts are included in irregular warfare resourcing programs. However, most current U.S. programs are conducted not by SOF, but rather by conventional forces.
