Fri, 01 Jun 2018 23:12:00 GMT - Neuroscientist and best-selling author Sam Harris is controversial, argumentative, against religion, in favor of science, deeply moral and intensely rationalist. While he never uses one word if many more will do, Harris’s positions on science, morality, religion and brain function prove innovative, well researched, thought provoking, and, if you are of a religious bent, probably infuriating.
