The effect of trauma on the brain development of children ... -

Thu, 10 May 2018 09:48:00 GMT - Why do we think we're so bad at maths, when we're all - almost all - born with brain circuits specialised for numbers? Our ability to use numbers has been the key from taking us from the Stone Age to the Phone Age. Trade, science and technology would be impossible without this ability. Neuroscientist Brian Butterworth argues that we are all born with brain circuits specialised for numbers.

The Mathematical Brain: Author - Brian Butterworth -

- Early childhood development is the key to a full and productive life for a child and to the progress of a nation. Early childhood is a critical stage of development
